COMMONWEALTH OF VIRGINIA

STATE CORPORATION COMMISSION

AT RICHMOND, MARCH 1, 2001

APPLICATION OF

DYNAMIC TELCOM
ENGINEERING II, LLC

CASE NO. PUC000238

For certificates of public
convenience and necessity to
provide local exchange and
interexchange telecommunications
services

FINAL ORDER

On November 3, 2000, DYNAMIC TELCOM ENGINEERING II, LLC ("DYNAMIC" or the "Company"), completed an application for certificates of public convenience and necessity with the State Corporation Commission ("Commission") to provide local exchange and interexchange telecommunications services throughout the Commonwealth of Virginia. The Company also requested authority to price its interexchange telecommunications services on a competitive basis pursuant to § 56-481.1 of the Code of Virginia.

By Order dated January 5, 2001, the Commission directed the Company to provide notice to the public of its application, directed the Commission Staff to conduct an investigation and file a Staff Report, and scheduled a public hearing to receive evidence relevant to DYNAMIC's application. On February 14,

2001, DYNAMIC filed proof of publication and proof of service as required by the January 5, 2001, Order.

On February 8, 2001, the Staff filed its Report finding that DYNAMIC's application was in compliance with the Rules Governing the Offering of Competitive Local Exchange Telephone Service ("Local Rules") and the Rules Governing the Certification of Interexchange Carriers ("IXC Rules"). Based upon its review of DYNAMIC's application, the Staff determined it would be appropriate to grant the Company certificates to provide local exchange and interexchange telecommunications services subject to the following conditions: (1) should the Company collect customer deposits, DYNAMIC shall establish and maintain an escrow account held by an unaffiliated third party, notify Staff of the escrow arrangement, and maintain the account until such time as the Staff or Commission determines it is no longer necessary; and (2) the Company shall provide audited financial statements of its parent, LightSource Telecom, LLC, to the Division of Economics and Finance no later than one (1) year from the effective date of DYNAMIC's initial tariff.

A hearing was conducted on February 22, 2001. At the hearing, the application and accompanying attachments and the Staff Report were entered into the record without objection. No public witnesses appeared.

NOW THE COMMISSION, having considered the application and the Staff Report, finds that the Company should be granted certificates to provide local exchange and interexchange telecommunications services. Having considered § 56-481.1, the Commission further finds that the Company may price its interexchange telecommunications services competitively.

Accordingly, IT IS ORDERED THAT:

(1) DYNAMIC TELCOM ENGINEERING II, LLC, is hereby granted a certificate of public convenience and necessity, No. TT-135A, to provide interexchange telecommunications services subject to the restrictions set forth in the Commission's Rules Governing the Certification of Interexchange Carriers, § 56-265.4:4 of the Code of Virginia, and the provisions of this Order.

(2) DYNAMIC TELCOM ENGINEERING II, LLC, is hereby granted a certificate of public convenience and necessity, No. T-542, to provide local exchange telecommunications services subject to the restrictions set forth in the Rules Governing the Offering of Competitive Local Exchange Telephone Service, § 56-265.4:4 of the Code of Virginia, and the provisions of this Order.

(3) Should the Company collect customer deposits, it shall establish and maintain an escrow account, held by an unaffiliated third party for such funds, and shall notify the Division of Economics and Finance of the escrow arrangement. Any escrow arrangement established pursuant to this Order shall

be maintained for such time as the Staff or Commission determines is necessary.

(4) The Company shall provide tariffs to the Division of Communications that conform to all applicable Commission rules and regulations.

(5) The Company shall provide audited financial statements of its parent, LightSource Telecom, LLC, to the Division of Economics and Finance no later than one (1) year from the effective date of DYNAMIC's initial tariff.

(6) Pursuant to § 56-481.1 of the Code of Virginia, the Company may price its interexchange telecommunications services competitively.

(7) There being nothing further to come before the Commission, this case shall be dismissed and the papers filed herein placed in the file for ended causes.
